This school has been taught by me for several years, and has hitherto been limited in the number of scholars, but I will now receive a 1 who may apply for admission, and will employ competent assistants, as the increasing number of pupils make it necessary to do so.

My health having been fully restored, I propose to devote all my time and energy to the building up of such a school as shall furnish facilities for acquiring a complete education to girls who cannot be sent from home for that purpose, and all the advantages of the best schools in the State to those whose circumstances allow of their being sent abroad.

Having many years' experience as a teacher, the system of instruction pursued will be such as that experience has proved to be most efficient and thorough.

My charges are as follows:
For instruction in the higher studies of a complete English course, for session of five months..... \$25 00
For instruction in lower branches of English, for session of five months, from..... \$15 to \$20 00
